About the VELS UNIVERSITY (VISTAS)

Vels Institute of Science, Technology & Advanced Studies (VISTAS), a Deemed-to-be University, was established in 2008 by Dr. Ishari K. Ganesh under Section 3 of the UGC Act, 1956. Recognized as one of South India’s leading multidisciplinary universities, VISTAS offers a wide range of academic programmes across disciplines such as Engineering, Management, Science, Commerce, Arts, Media Studies, Maritime Studies, Pharmacy, Medicine, Nursing, Law, and Allied Health Sciences. Over the years, the institution has grown into a comprehensive centre of higher education, providing more than 160 undergraduate, postgraduate, and doctoral programmes through its 21 Schools and 53 Departments.

VISTAS has been accredited with the highest A++ grade by the National Assessment and Accreditation Council (NAAC), and 11 of its Engineering and Management programmes have been accredited by the National Board of Accreditation (NBA). VISTAS has a strong presence in the National rankings and has been ranked 61st in the Pharmacy category, placed in the 151–200 band in the Engineering category, and in the 101–150 band in the University category by the National Institutional Ranking Framework (NIRF) for the year 2025. VISTAS is recognized as a Category-1 Deemed-to-be University and has been accorded with 12B status by UGC.

VISTAS has secured its position in prominent global ranking frameworks including the Times Higher Education (THE) World University Rankings, THE Asia University Rankings, THE Subject Rankings and QS Asia University rankings reflects the institution’s progress toward becoming a globally competitive university. Through consistent emphasis on research, innovation, sustainability, and academic quality, VISTAS continues to strengthen its standing in the international higher education landscape.

The university provides a dynamic learning environment supported by modern infrastructure, advanced laboratories, experienced faculty members, and research-oriented academic practices. With a focus on holistic development, VISTAS encourages students to participate in research activities, entrepreneurship initiatives, community engagement programmes, and international collaborations.

VISTAS is recognized as a research Intensive University by the Scientific and Industrial Research Organization (SIRO) by the Ministry of Science and Technology. The Institution houses several Advanced Research Centres that promote and support innovative research activities across various disciplines, contributing to more than 10,000 research publications and over 200 patents.

VISTAS provides a holistic environment to students making education accessible to marginalized communities, ensuring social justice and promoting inclusive educational growth.
